

Guidelines For Diploma in Software Engineering FYP 2 Progress Presentation

1. Standardise of FYP progress demo and presentation slide

Total time allocated = 20 minutes

Presentation & Demonstration = 15 min

Q & A = 5 min

- Front slide (Project Title/Trade/Year/Group code/Student & supervisor name).
- Project objectives and checklist of objective completed or incomplete, state justification.
- Development progress percentage must relate to Project implementation task sequences, the status of completion and justification or problem encountered.
- Individual task and contribution of percentage analysis.
- Demo any completed code or project.

Example:

No	Project Implementation Tasks	Status		Justification (problems encountered)
		Complete	Incomplete	
1	Project Setup	✓		
2	Hardware installation	✓		
3	Software Installation	✓		
4	Java Coding: Create system interface	✓		

2. Any completed tasks can be demonstrated during the progress presentation session.
3. Individual logbook (GDrive), project Gantt chart, project brief, organizational chart and FYP Report hardcopy (Chapter 1,2 and 3) must be available at each FYP group workstation.
